The GUIDE Readership is Unique

Senior Executives... value the **GUIDE** for its "Big Picture" overview. The responsibility for enterprise continuity rests at the top of an organization. Executives ask the "whys" and "what if's". Executive leadership is paramount when dealing with strategic issues of integrity, availability, security and protection.

Practitioners... use the **GUIDE** for its meaty, practical and timely content as well as thousands of resources, products and services for program management.
